Tree Species	Description	Size	Pricing	Quantity	Subtotal
	Orders due: September 15 Tree pickup: October 4th 8am/noon, USDA Center 1209 Bear Lane, Monticello, 61856				
Bucks Unlimited Oak	Fast-growing Swamp White Oak selection with consistent, heavy yields of acorns. Acorns preferred by wildlife, especially deer. Tolerates wide range of growing sites.	3-gallon	\$25.00		
Sun Valley Maple	Fast growing cross between "red Sunset" and "Autumn Flame". Seedless. No helicopters. Brilliant red late fall color.	3-gallon	\$25.00		
Sweet Birch	Attractive tree for lawns. Host for butterfly larva, flowers attract pollinators. Excellent fall color.	3-gallon	\$25.00		
Sweetbay Magnolia	Upright growth habit. Lemon-scented, creamy white flowers bloom mid-spring through summer. Glossy, semi-evergreen foliage. Cone-like fruits contain bright red seeds enjoyed by birds.	3-gallon	\$24.00		
Redbud	Native favorite and harbinger of spring that explodes with rosy pink flower in April. Does well in sun to dappled shade and any average garden soil.	3-gallon	\$22.00		
Green Hawthorn	Thornless, disease resistant variety with spring flowers followed by large, red fruits enjoyed by birds.	3-gallon	\$32.00		
Norway Spruce	Or European spruce, is a large evergreen coniferous tree prized for blue-green needle color and excellent landscape form. Very closely related to the Siberian spruce.	3-gallon	\$25.00		
False Indigo Shrub	Med size shrub with indigo flower spikes. Good for pollinators and wildlife. (Amorpha fruticosa)	3-gallon	\$20.00
